If disaster struck how would you know that your family were all safe?

Being prepared costs nothing and takes very little time, but it saves lives and reduces distress. Coventry, Solihull and Warwickshire's FREE Personal Resilience Programme covers a wide range of topics including fire, floods, blackouts and first aid.

Find out what you can do to ensure that your loved ones are safe and that you are better prepared, should the worst ever happen.

The training session includes how to make a disaster, communications and evacuation plan.
